

Musical Performance Piano

Candidates are expected to demonstrate a masterful command of the instrument and communicate an understanding of stylistic characteristics and structural elements of each repertoire selection with interpretive insight and a mature musical personality. Candidates may play repeats in the examinations provided it is stylistically appropriate. Candidates should select a balance program with contrasting style of performances.

Candidates must achieve a pass standing (at least 60 percent) in order to be awarded a Certificate in the examination. Three general areas on the performing repertoires, approximately equal in importance, will be considered in the examination: Technical Competency, Musicality, Musical Knowledge and Interpretation.

General Examination Guidelines:

1. **ÉTUDES:** Etudes are necessary for students to develop a strong technique and to be able to play the required pieces confidently. Therefore, études are necessary for technical development, and IPVAEB strongly recommends teachers take time to use the études to advantage.
2. **MEMORY:** The playing of music from memory is to be encouraged as many benefits can be derived from playing from memory. Style, skill and confidence often develop considerably in this way as the student's attention is not diverted by the need to continually look at the printed page. Memory work is mandatory in the Certificate of Achievement and Certificate of Mastery examinations.
3. **PERFORMANCE:** The importance of personal style development should not be overlooked by teachers and students. Attention to different styles and accuracy of music in general must not be neglected. It should always be borne in mind that the music which has been chosen for the examination must be played with precision and accuracy in respect of the demands of the period and of the composer's intentions. The correct Balance, Dynamics, Tone and Phrasing are also expected to be evident in the performance. It is expected that teachers and candidates will give careful consideration to the development of technical skill and musical ability so that the necessary styling demands of the music be adequately met. This however is also coupled with some personal interpretation.
